

Start Young Youth & Youth Activism in Palestine & Israel

Available for showing in your community

What does being a youth in Israel and Palestine mean during this period of occupation and severe threat? After outlining conditions for youth—very young to young adult—we look at a variety of organizations in Israel and Palestine that are either primarily by and for youth or incorporate youth directly in their programming. We mention the Israeli Committee Against Home Demolitions, Rabbis for Human Rights, Balanda, Holy Land Trust, Ecumenical Accompaniers for Peace in Palestine and Israel, Families Forum-Bereaved Israeli & Palestinian Families, and the American Friends Service Committee. In the struggle lies the hope.
